SATURDAY, NOVEMBER 21, 1857 John W. Campbell advertises that he is prepared to takes pictures. We bespeak for him a patronage.

Godey's Lady's Book, for December, is on our table. It is a superb number, -contains 3 steel plates, I colored fashion plate, I slipper printed in colors, 12 pages printed in blue tint, 49 engravings, 100 pages and 60 contributions. We don't see how any lady can do without it. It only costs \$3 per annum, but as some are disnosed to grumble even at this very low price, we propose to furnish Godey and the Home Journal both one year for THREE DOLLARS AND FIFTY CENTS in advance, only fifty cents more than the price of the magazine alone. . Now, too, is the time to subscribe. Any person wishing to see specimens of any magazine that comes to us, are invited to call at our office, as we WILL NOT loan them, for when we do, they are seldom returned. Besides, Godey himself has asked as a favor that the press may not lean their copies, as it injures him.

IF Harper's Magazine for December is a most interesting number. For three dollars and fifty cents we will send it and the Home Journal one year. - For gentlemen we recommend Harper as unequaled; and as a present from a gentleman to his lady love we would suggest any good magazine. The fair recipient will be certain to remember him at least as often as she gets her present from the office.

ICP Our Court House has been considerably improved in its appearance lately about the top. Wonder if Black and Blue Cloths, Elick and Fancy Cassimeres, it will be penciled. We reckon so. for certainly the cupola now, though pretty itself, only inakes the base appear more ugly. Fix it all over, now that the work is began.

#### Carrier's Address.
